

## **Buzzard (8 Conventional Bales)**

### **OVERVIEW**

The Eagle Bale Grab is expertly designed to handle conventional bales with ease and precision.

This hydraulically controlled grab is equipped with sixteen strong claws, all securely fixed within a robust steel frame. A single side bar ensures proper alignment of the bales for efficient handling. Compatible with most front loaders, the Browns Flat 8 Bale Grab provides reliable performance for a wide range of agricultural applications.

### **FEATURES**

- 16 durable, hardwearing cast steel claws for maximum strength
- Strong and robust steel frame for enhanced durability

- Reversible guide rail can be mounted on either side of the frame to align bales
- Double-acting hydraulic rams for superior bale penetration
- All claws engage the bales simultaneously for efficient handling
- Equipped with a parking leg for convenient and secure storage
- Compatible with tractor front loaders
- Includes hoses and couplings for quick and easy setup
- Brackets sold separately
