

Pantera (professional flail topper)

OVERVIEW

Developed for professionals in agricultural work and heavy duty work, the PANTERA flail is a very versatile machine that can handle anything put in front of it.

It's use ranges from cutting grass to mulching runners and stalks.

Thanks to patents such as the double hammer and the variable attitude body shell, the PANTERA flail moves with agility over every type of ground.

The machine is predisposed to be used on the front of most modern of tractors.

The PANTERA is available in mechanically or hydraulically side shift versions with Category 2 and Category 3 3 point linkage.
