

Renovator (Grass Aerator, Harrows & Seeder)

OVERVIEW

Maximise your grassland's potential with **The Renovator**, the all-in-one solution designed to restore, aerate and reseed your pasture in a single efficient pass. Built for performance and reliability, The Renovator helps farmers maintain **high-quality, low-input and cost-effective grassland** for grazing or forage production.

The Renovator combines three essential processes to completely rejuvenate your pasture:

- ✓ **Aerate** - The **Slitter** attachment relieves soil compaction, improving aeration and promoting stronger root growth for a healthier sward.
- ✓ **Harrow** - The **Harrow attachment** removes thatch and moss, helping to stimulate new growth and prevent surface build-up.
- ✓ **Reseed** - Achieve perfect seed placement with your choice of seeding system:
 - **Turbo Jet** for reseeding and overseeding
 - **Fan Jet Pro** for overseeding and repairing damaged pastures
