

Super Buzzard 2 (2x 800mm / 1x 1200mm Bales)

OVERVIEW

The **Super Buzzard 2** is a robust, heavy-duty bale grab designed for maximum performance and durability. Capable of handling two 800mm bales or a single 1200mm bale, this versatile grab is ideal for a wide range of bale handling tasks.

Hydraulically controlled, the Super Buzzard 2 features twenty strong claws securely fixed in a rugged steel frame. A single side bar ensures proper bale alignment for efficient handling. This reliable attachment is compatible with most tractor loaders and telescopic loaders, making it a practical choice for both agricultural and contracting applications.

FEATURES

- Hardwearing cast steel claws for superior strength and durability

- All claws engage the bales simultaneously for efficient handling
- Robust box-section design for added strength and longevity
- Reversible guide rail can be mounted on either side of the frame to align bales
- Equipped with a parking leg for secure and stable storage
- Double-acting hydraulic rams for enhanced bale penetration
- Compatible with both telescopic handlers and tractor front loaders
- Includes hoses and couplings for quick and easy setup
- Mounting brackets available separately
