

Super Buzzard 3 (big bales only)

OVERVIEW

The name “Browns” has been synonymous with flat 8 bale grabs for over 50 years.

The Super Buzzard 3 is a heavy-duty bale grab.

Suitable for 3 x 800mm bales or 2 x 1200mm bale.

It is hydraulically controlled and fitted with twenty claws, fixed in a rugged steel frame with a single side bar to align the bales.

It will fit most types of tractor loader or telescopic loader.

The claws enter the bales simultaneously and when fitted with the optional 3 ram solenoid diverter, the claws are then able to enter the bales in individual sets.

FEATURES

- 20 hardwearing cast steel claws for strength
- The claws enter the bales simultaneously and 3 when fitted with the optional 3 ram solenoid diverter, the claws are then able to enter the bales in individual sets
- Robust box section design
- Parking leg
- Double acting hydraulic rams for greater bale penetration
- For use with telescopic handlers and tractor front loaders
- Hoses and couplings included
- Loader brackets can be welded in at manufacture or bolted on. These are sold separately
